Shades of the immortal Bernhardt were brought to mind yesterday when a young woman in a trim gray traveling suit stepped off the train at the Los Angeles station.

Miss Bernhardt, who has done some work in motion pictures in the East, has come to California to resume her work here.

When the children came, she told them how soon the symptoms of the disease would appear.

Grand-Stand Site Award by Agricultural Association Questioned by Playground Board

The right of the Sixth District Agricultural Association to award the grand-stand site in Exposition Park to the Park Department for the erection of a horticultural building, as decided by that body at a recent meeting, was questioned yesterday in a communication sent to the association by the Board of Playground and Recreation Commissioners.

Considerable controversy previously had been raised as to whether a conservatory or a swimming pool which might be used in the Olympic Games should be erected on the grandstand site.

In making their decision the directors of the association held there is nothing of importance to justify the board in rescinding a former action allocating the site for a horticultural building.

The playground and Recreation Commissioners hold, however, that the city provides all apparatus for an athletic field and bears maintenance costs on the district known as Lot No. 1, the territory can only be used for athletic and recreational purposes as long as the agreement remains in force.

PLANS PREPARED
The commissioners also declare that plans already have been prepared at the request of President William M. Bowen of the commission for the remodeling of the grandstand and its use in connection with the swimming pool, and that there is a popular demand on the part of citizens and taxpayers for the installation of tennis courts and a swimming pool, which would provide year-round facilities for swimming meets. They maintain that the suggestion of the association for a conservatory is impracticable.

Further consideration of the plans for the swimming pool are asked of the association. The communication was drawn up following a recent meeting of the commissioners.

WOMAN PASTOR ELOQUENT

Miss Royden's Discourse at Trinity Auditorium Declared Sermon of Inspiration

Maude Royden, the English woman preacher, was far finer than her press agenting at Trinity Auditorium last evening. No more inspired sermon has ever been preached in Los Angeles.

For her mastery of description, Jesus Christ alone, heaven bless her, this Jesus of Nazareth, the every detail of whose life people know and record today; who out of his story of the world in half when He was born, so that all that went before Him is "Before Christ," all that came after Him is "After Christ."

"The stature of such a man reaches to the sky," said Maude Royden in a vibrating voice of exquisite solemnity. "Who healed the sick, raised the dead, calmed the storm, who took death itself and turned it into victory. He was the bravest spirit who ever lived. His courage was perfect. Could He have lived and died by a lie and ruled the world for 2000 years?"

A LITTLE KNOWLEDGE
Her subject was, theoretically, "Psychology in Relation to Religion." But actually it was the all-night ever-prevailing power of truth—truth reached through knowledge. She gave the arguments for those who have merely dipped into psychology and vowed it destroyed their faith in God. They sound so reasonable until one delves deeper. Knowledge is always power. America above all nations knows this. "No country has applied scientific knowledge as you have done, and none has more reason to know that knowledge is always power. Your wealth and power are staggering. The amazing mastery of nature laws that it has given you—is that enough?"

The preacher explained that all creation is governed by immutable, unbreakable laws. Scientists, searching for these laws, understanding them, win mastery over them, hence the Panama Canal, hence the harnessing of Niagara Falls, hence the conquest of the air. Any false conceptions would have made these

HIGHWAY BOOSTER IN CITY

Originator of Broadway-to-Broadway Project Talks of Plan for Cross-Country Paved Street

The greatest transcontinental highway in the United States is the vision of C. W. Taylor, originator of the Broadway of America highway idea and founder and secretary of the Broadway of America Highway Association.

Mr. Taylor, whose home is in Los Angeles, N. M., is in Los Angeles to make the movement launched by the organization which has as its objective the connecting of the city of New York with the city of Los Angeles by a paved automobile route of 400 and 500 cars, many of which will be from Los Angeles, is scheduled to leave for the southern city about April 10 for the Memphis meeting. The highway association was formed in El Paso on November 19, 1927, and has been accorded enthusiasm throughout the country, Mr. Taylor said.

The proposed highway will be passable at all seasons of the year. At the present time the route is 83 per cent paved and the end of the present year will witness it paved to the extent of 95 per cent, Taylor asserted. He and Mrs. Taylor expect to leave for Memphis by automobile this week.

The Bullock Way First Aid for the Wounded

You never know, it seems, when your accomplishments may come in handy.

Recently we heard a story about a man who learned first aid while in the service—never once during the World War was he called upon to use it.

Last week—the time came.

He was driving Bullock's Delivery Truck peaceably enough, down Washington Boulevard when he came upon a smash-up—a car with the radiator badly knocked and the front wheel off. A woman was in the seat with her arm cut and bleeding.

Bullock's delivery man pulled up his truck, and jumped out to see what he could do.

He learned that the man driving the other car in the accident had gone for an ambulance—in the meantime the woman, frightened and badly shaken, wrapped handkerchiefs around her arm—trying her best to stop the bleeding.

And that's when the man who had learned first aid during the war thanked his lucky stars.

Hastily he improvised a tourniquet. Expertly he bound the arm and stopped the bleeding—then he went on about his deliveries. He'd done all he could.

And that's the kind of men that Bullock's wants in Bullock's service—men that will gladly help by doing whatever they can wherever they are.

—One of a series of little stories of service—the telling inspired by Inauguration Month at Bullock's. The month dedicated to the ideals upon which Bullock's was founded. They have to do with Sincerity, Friendship, Courtesy, Progress.

Tucked intricately. Trimmed smartly. Honey beige soft wrappy broadcloth with deep-toned flattering golden mole. In a coat at \$39.50. Luncheon at Huntington
Mrs. George M. Holley of Detroit, who is occupying Ferncroft, one of the Hotel Huntington bungalows, for the winter, was hostess Monday at a charming luncheon and bridge, when four round tables, each decorated in a different color, were arranged in the spacious living-room. One table was centered with violets, one with poppies, another with pink and white pansies, and the fourth with pansies, the covers being of chiffon to harmonize. Twenty guests enjoyed the affair.

Mothers Honored
St. Patrick's Day served as the motif Sunday afternoon, the 11th inst., when members of the Alpha Delta Theta Sorority at the University of California in Los Angeles entertained with an informal tea in honor of their mothers. The chapter house with its green and white decorations was suggestive of Ireland, as were the green shamrock-shaped cakes bearing the sorority crest.

Mrs. Isabel Wolfe Hemingway, national president, was the honor guest of the afternoon, and the program included a reading by Miss Elsa Weigelt, piano solos by Miss Dorothy Frenders, violin selections by Miss Viola Davis and a clarinet solo by Miss Frances Wallace.

Invitations are being issued by Mr. and Mrs. Benjamin Franklin Perkins, who make their home at the Biltmore, for a supper to be given in the Biltmore at 7 o'clock Sunday evening, the 25th inst.

A Bed For A King

THE ROYAL EASE mattress is literally a bed for a King. Soft, beautiful, luxuriously comfortable, it is a mattress that will give you years of sound, refreshing sleep!

The Nachman spring construction used in the ROYAL EASE is found only on the highest type of mattresses. Hundreds of inner springs are employed to give maximum strength and resiliency. These are scientifically anchored at the top and bottom so they cannot crowd, bulge, tip, buckle or mesh. Each spring is in a separate compartment to prevent squeaking noises or wear on the fabric.

The ROYAL EASE mattress is made with other exclusive features, including the famous Sanotuf eyelets (300 of them).

These eyelets permit the free circulation of air in the

mattress, keeping it fresh and sanitary at all times. It also has reinforcing strips which prevent the ticking from stretching, and flexible hinged tabs which insure uniform thickness permanently.

Because of its superior construction we are able to offer the ROYAL EASE mattress on an absolute ten-year guarantee—the first time a mattress has ever carried such a sweeping guarantee. And, in addition, our manufacturing facilities make it possible for you to buy this high-grade mattress at the unheard-of low price of \$41.50.

Blue Ribbon Spring

To insure maximum sleeping comfort the spring and mattress should be suited to each other. We have accordingly originated the Blue Ribbon Spring as companion equipment for the Royal Ease Mattress—a combination that represents the last word in restful and luxurious comfort.

It is important to keep the scalp as clean as any other part of the body. During the first part of the treatment it is a good plan to wash the scalp thoroughly each day with soap and water, rinsing carefully so as to remove all traces of the soap. After the hair is thoroughly dry rub in the massage oil or almond oil.

QUESTIONS AND ANSWERS
Question: J. O. F. asks: "I am a person of jumpiness, and I am unable to sleep. This is a persistent trouble. Is there any cure with me?"

Answer: These jumping quivers are doubtless due to some nervousness. Search for the cause of the nervousness, which will usually find in wrong food eating, and destructive habits.

Q: Mrs. W. B. W. writes: "I am in an article that the cause of a person to jumpiness is the little lean meat. Will you print a list of the lean meats?"

A: The leanest meats are beef, chicken, lamb, pork, and rabbit. These meats may also be used in the form of other meats.

Q: M. I. F. writes: "Please advise what I should do with my little boy two and a half years old, weighing thirty pounds, who has no desire to eat at all and who has no teeth. He has no teeth and no desire to eat at all and who has no teeth."

A: Give your child a good diet of fruits and vegetables, and let him have a good rest. He may be a little fat, but he is a healthy child. Let him have a good rest and a good diet.

Shamrock Rolls Deserve
Erin's Blarney Stone Praise

"Please, Mrs. Page, can you tell me some new ideas for a St. Patrick's Day party? I am having guests and I am at my wit's end."

Nancy had grown accustomed to these calls. She told Peter laughingly, that when he failed in business she would keep the wolf away by hanging out the shingle, "Party Consultant."

Further conversation with her caller showed that all the conventional green things, shamrock ice cream, shamrock salad, shamrock cakes had been used at previous entertainings.

She suggested hot rolls of yeast dough. They were to be shaped by putting three small balls of dough, each one brushed with butter first, into greased muffin pans. When baked the rolls had three parts like a shamrock.

For dessert she mentioned marigold shells, shamrock shape, which held pineapple ice, pistachio cream, and pale yellow French ice cream arranged in the three lobes of the shamrock.

A tablecloth of cream de menthe syrup was put over the French cream. Small cakes, each with fluffy white icing were served with this as part of the dessert.

Beverages are acceptable at any party. Write to Nancy Page, care of this paper, including stamped, self-addressed envelope, and ask for her Beverage leaflet.

turns away from it crying and fussing; whenever a baby who has been sleeping all night wakes three or four times and demands to be nursed; whenever a baby reg-

ularly fails to gain even four ounces a week, which is the smallest gain consistent with continued good health, then stop giving such alibis as "weak stomach" and recognize that this child probably needs food.

Babies who are satisfied all day on their rations and then stay awake crying from 8 until their next nursing at 10, have not chosen this particular hour just to irritate their parents, or turn night into day, or "play," but are simply dissatisfied with that 8 o'clock feeding. They'll sleep when they have more food.

The baby who can't get anything from the breast and after trying gives up and goes to sleep and then wakens in an hour, simply needs food. The breast milk isn't there.

The well-fed baby who has been sleeping and then wakens for frequent night nursings in almost every case should be weaned. At any rate underfeeding is usually the cause of his wakefulness. It ends when his diet is improved.

The baby who gains less than four ounces weekly is underfed. Don't blame it on teeth; put the blame where it belongs, on his diet which is wrong in some particular.

Babies have the faculty of being model babies when they have a good and nourishing diet.

Fat Went in this Easy Way

Ask Slender Folks to Tell You

For 20 years, slender women have been telling others the easy, pleasant way to reduce. It is the right way, based on a modern discovery made by able scientists. It has proved so efficient that for two decades it has held the top place in this field. Now you can see the results wherever you look. Slender figures are the usual, fat is the exception.

That right way is embodied in Marmola prescription tablets. It is a substance employed in the body to regulate nutrition. Its purpose is to turn food into fuel and energy, rather than into fat.

There are no secrets about it. The formula appears in every box, also the reasons for results. Thus users know just why it acts, and they have no fear of harm. The use requires no abnormal exercise or diet, though moderation helps. People simply take four tablets daily and the weight comes down to normal in a natural way.

Consider what Marmola has done for so many and so long. See what it has done in your own circle, because one user tells others. Now learn what it means to you. Watch the new beauty that brings the new vitality and health. You owe that to yourself. Order it now—before you forget it. Don't longer suffer an abnormal figure when so many have found a corrective.

Marmola prescription tablets are sold by all druggists at \$1 per box. If your druggist is out, he will get them at once from his wholesaler.

FITTS BACKING PAROLE CHECK

Lieutenant-Governor Talks to Women's Ad Club
Bill Will Prevent Freedom Until Damage is Paid

Urges Avoidance of Maudlin Sympathy for Criminal

BY MYRA NYE
A new law whereby no prisoner may be granted probation unless he pay his victim dollar for dollar for his crime will be presented at the next State Legislature and will be passed if the influence of Lieutenant-Governor Burton Fitts prevails.

The Lieutenant-Governor addressed the Women's Advertising Club yesterday in luncheon session at the Alexandria. He stated that this is the first time he has made public his plan to reduce the crime ratio in California.

The Lieutenant-Governor said that the greatest good the women can do in government is to avoid maudlin sympathy for the hardened criminal, to look after their business as well or better than men, and to vote.

VOYE PERCENTAGE LOW

"Only 29 per cent of the residents of the Wilshire district voted at the last election. I count that as a signal of failure as desertion in war time. This lack of civic interest is as great a menace as any I.W.W. organization or parlor Bolshevism which it is apt to foster. It is becoming harder and harder for honest public officials to do their duty because of this apathy of the educated and the severe and oft-times unwarranted criticism of public servants by the misinformed."

"This government is one of parties. If you women talk of what you call 'dirty politics,' remember, it is the voter who makes politics dirty, and only the voter can make them clean."

"Women are too prone to believe that public ownership of property is altruistic and beautiful. But warn you that the tendency to public ownership goes to the point of confiscation of property and is dangerous. I hold no brief for corporations. In fact, I hold a brief for you as your Lieutenant-Governor and as such I should warn you that when you help to put a small clerk in some department of the government and allow him to tell you what you must and must not do in business, when you tax and further tax railroads and privately owned utilities, you are carrying regulatory government too far. In the end you pay, anyway."

EXPLAINS PLANE USE

"If business can not realize a reasonable return on capital invested, the people revolt. If all railroads were put out of existence, 90 per cent of the people would begin to starve in sixty-three days. And yet the people carry the fight against railroads to the limit," declared the Lieutenant-Governor.

Speaking of the criticism against him personally for his frequent use of airplanes, for instance, the Lieutenant-Governor having come down in one for many months, he said: "My sister who is my secretary, has computed the average requests made for me to speak in public as sixty-nine a day. It is evident I need the free airway for speed to cover the speaking engagements I do. In fact, public speaking is the great problem of the public official today. I will not cease to fly until airplanes cease to be their wings from the earth."

Mr. Gertrude Maynard president of the club, introduced the chief guest of honor and other notables. Leon Rice, tenor, entertained with two groups of songs. The table appointments and favors were in St. Patrick Day green.

FAME FOR ARTWORKS GIVEN CITY

Italian Envoy Has Praise for Reproductions Here of Great Statuary Groups

Commandatore Arminio Conte, special emissary of the Italian government, yesterday addressed the advisory board of Forest Lawn Memorial Park on applied art in Italy and America.

Commandatore Conte has supervised the execution of many reproductions of famous art works for this park and characterizes it as a repository of some of the finest examples of statuary in existence.

"American cities," said he, "should learn much from Los Angeles in this respect, for there is no doubt that here great advances have been made along lines of artistic endeavor. Italian artists are grateful for the appreciation which has been given their efforts."

Commandatore Conte, whose exhibit of Italian handicraft recently closed at the Biltmore, was heard by Leslie S. Hoagland, John P. Huber, Benjamin F. Blodson, Hugo Burghwald, Hubert Eaton, general manager Forest Lawn Memorial Park; Bernal H. Dyes, Charles F. Stern, Dr. Rufus E. von KleinSmid, Dr. John Willis Baer, George Bentley, R. Ernest Tucker and H. W. Broughton.

HISTORIC PISTOL IN BATTLE AGAIN

Sally Blane and 116-year-old Gun

A pistol which once emitted deadly leaden bullets in America's fight for freedom today is in action again.

After 116 years it is taking part in warfare once more but it is firing blank ammunition in a motion-picture scene.

The gun came into use today for the making of mob scenes in the Russian picture in which Emil Jennings is being starred at the Paramount studios in Hollywood.

It is the property of J. S. Stenbridge, custodian of the Paramount armory.

The pistol is a flintlock manufactured in 1773 and saw service in both the Revolutionary War and the War of 1812.

Newspaperman's Wife Asks for Divorce Decree

Wilhelmina K. Howard filed suit for divorce yesterday against Phoebe Howard, who she declares owns "the entire interest" in the New York Press, which she values at \$100,000.

The complaint, prepared by Attorneys Albert J. Sherer and Earl E. Howard, charges desertion in 1929. The couple were married in St. Louis in 1905. Community property is set forth as worth \$250,000. In addition to which Mrs. Howard says her husband owns a large amount of separate property.

Jack Dempsey Sidesteps Suit

It was neither Jack Dempsey's soap nor his apartment-house, and as a result, it was not his lawsuit, according to a ruling of Judge Schauer in the case of Anderson McPhie against Dempsey and Jack Keenan for damages of \$25,700.

The plaintiff, a nurse, complained that she had slipped on some soap in the kitchen of an apartment-house formerly owned by Dempsey and Keenan. When it developed that they had conveyed the property before the accident the case was dismissed as against them. Later the jury exonerated the present owners of the building also, and the plaintiff got nothing. The defendants were all represented by Attorney George L. Greer.

NEW TRIO HELD IN BANK THEFT

Three from Santa Barbara Brought Back Here
Money Found Declared Part of Hold-up Plunder

Ten Now Jailed for Pacific National Robbery

Three brothers, arrested yesterday in Santa Barbara on John Doe warrants charging them with complicity in the \$60,000 hold-up of a Pacific National Bank messenger here on the 2nd inst., were returned to Los Angeles last night. The warrants were signed by Dep. Dist. Atty. Hamm.

The arrest of the brothers, Van Swafford, 33 years of age; D. C. Swafford, 26, and Charles, 27, followed the finding of \$17,500 concealed in a trunk in a house at Santa Barbara, after information which led to its recovery had been furnished by one of the men arrested several days ago in connection with the robbery.

The trunk was found in a room belonging to D. C. Swafford by Acting Captain of Detective Cahill and Detective Lieutenant McCaleb. The other two brothers were arrested because all three of them were involved in business together.

Complaints have been obtained against William R. Wood, 38, former national agent Arthur Clemens, 25; Malcolm D. Jones, 30, and Horace S. Miles, 41, arrested several days ago in Los Angeles, and James Christie, 30; Hoyt Sigler, 28, and Mrs. Ruth Knox, 27, are being held, although no complaints have been obtained against them as yet.

INFANTICIDE ASSERTIONS CAUSE STIR

Woman Insists She Took Baby's Life in 1923 and Police Investigate

Rushing into the street early yesterday morning in front of her home, 5006 Marathon street, Mrs. Mayme Kemp accused Officer Hugelboom and hysterically demanded that she be arrested, declaring she had committed a terrible crime.

Upon further questioning she told Officer Hugelboom she strangled her baby, April 28, 1923, at her former home in Watertown, S. D. She was taken to the psychopathic ward of the General Hospital.

Associated Press dispatches received from Watertown late yesterday stated that a baby was buried to death on the Kemp farm, near there, on the date which she named.

Mrs. Kemp gave police letters which she had written stating that she killed the baby because a woman whom she did not name had threatened to kidnap the child. Further investigation is being carried on by police.

Queer Funeral Group Passes Down Street

Four hundred men with pink carnations, either in hand or in buttonhole, walked down Los Angeles street yesterday. In front of them was an ancient flapper which bore the legend, "Midnight Mission, No. 2."

In front was a rickety touring car which is known as "Old Glory," the private car of Brother Tom. In front of this was a gray hearse with a gray coffin hearse.

Thus Jacob Bolivar's body was escorted to his final resting place. Bolivar, 73 years of age, was one of the workers at the mission. He died in the County Hospital Sunday morning. The expense of the funeral was borne by Brown Brothers.

Woman Wins Taxicab Suit

Heien Keane, who was injured when a taxicab in which she was returning from a New Year's Eve party, turned over, won a verdict of \$900 in her suit against the Yellow Taxicab Company, which was heard by a jury in Judge Schauer's court.

She had complained that as a result of the accident she would never be able to dance again.

FACTORY BRANCH FOR CAR OPEN IN DENVER

As a part of the plans to establish the Durant Motors, Inc., in the automobile field, J. L. Garrity, special factory representative, is supervising the establishment of a factory branch in Denver, says Norman De Vaux, general manager of the Pacific Coast Durant organization.

With the establishment in Denver of a branch and a thorough dealer organization, Durant Motors will be prepared for an intensive sales campaign throughout the Rocky Mountain region.

Many new dealers were recently appointed in Utah to complete the dealer organization in that State. Utah has just been added to the vast territory which is served by the Pacific Coast Durant factory.

HAVING WILD TIME DENIED BY DIRECTOR

Von Sternberg Wins Jury Trial on Liquor Charge as Sequel to Recent Raid

A wild party participated in by actors and actresses at his home at 6232 Drexel avenue on the 11th inst., was denied yesterday in Municipal Judge Turner's court by Joseph Von Sternberg, 34 years of age, motion-picture director.

Charged with possession of three quarts of liquor as a result of a raid on his home by police vice-squad officers, Von Sternberg pleaded not guilty to the Wright Act charge and demanded a jury trial, which was set for April 11 in Municipal Judge Ambrose's court.

A squad of vice-squad officers led by Sgt. Simpson raided Von Sternberg's residence on complaint of neighbors and arrested the Austrian director. Four other couples attending the asserted party were in whom she did not name had threatened to kidnap the child. Further investigation is being carried on by police.

LEWIS ON STAND GIVES HIS STORY

Promoter to Continue Tale of Financial Career for Another Day

Taking the stand in his own defense, E. G. Lewis, promoter of Alcatraz and various other projects, yesterday began the story of his financial career. He and his associates, Maj. Henry L. Kramer and William Ahrens, the latter an auditor for Lewis, are on trial on a charge of using the mails to defraud in connection with an asserted "personal loan" campaign of Lewis to finance various oil-drilling projects. The trial is being held in Federal Judge McCormick's court.

Lewis's testimony will probably last at least another day, after which he will be cross-examined by Asst. U. S. Atty. Simpson and Peterson. In yesterday's testimony he explained the various transactions which the government asserts constitute violations of the law. The case will be resumed today.

State Lead in Canning Shown

Indicative of California's importance in the food industry, the canners and grocers of this State paid more than one-quarter of the nation-wide canned foods time campaign, paid according to revelations yesterday by Secretary Callen of the Southern California Canners' Association.

Of the \$40,000 collected from all States, California furnished \$11,205, Callen said. The assessment was based on production valuation.

Canned foods time is being carried on here in the grocery establishments under the general chairmanship of E. T. Aylesbury. It continues to the 30th inst.

GRAPHOLOGIST GETS POINTERS ON PERMIT

A graphologist is in no sense of the word a clairvoyant or fortune-teller, but a handwriting analyst. Blanche Holmes, 1712 1-2 Wilcox avenue, said yesterday after she had been released from suspension by Municipal Judge Georgia Bullock for practicing without a license. However, the law makes no distinction, she was told, and she was advised to apply to the Police Commission immediately for a permit.

She said she was reduced from sixty to thirty days when the defendant pleaded ignorance of the law and this term was suspended.

MOVING BALKS JAIL BREAK

Sawed Bars Discovered After Asserted Bunko Man Is Transferred from Santa Monica Cell

SANTA MONICA, March 14.—Jail bars which confined W. H. Denison, who before his arrest here made a successful jail break from the New Mexico State Penitentiary at Santa Fe, were being repaired at the Santa Monica City Jail today, following discovery that Denison, now serving a sentence in the Los Angeles County Jail, had sawed through two bars in the upper tier of cell windows, just prior to his transfer to the Los Angeles institution.

Denison is asserted also to have sawed his way out of jail at Richmond, Va., and Concord, N. H., where he was confined after conviction on a charge of impersonating a Federal officer. His criminal record here was uncovered by Identification Sergeant Mallory, when Denison was arrested here on charges arising out of the sale of stock in an asserted "gold-brick" auto body company. He was finally sentenced to six months in the Los Angeles County Jail on a petty-

soner, also indicted for the robbery, who came before Judge Aggeler tomorrow for sentence on their plea of guilty, which were entered during the middle of the present trial.

MOTHER BELIEVES HER SON KIDNAPED

Walter Collins, 9-year-old son of Mrs. W. C. Collins, 217 North Avenue 23, has been missing since last Saturday, his mother reported to police yesterday. She fears he has been kidnaped by enemies of her husband, said to be serving prison term, and requested detectives to look for the lad.

Notes and other papers found in the man's rooms indicate he felt his disgrace keenly, police say, and describe his intent to take his own life by leaping into the sea from his fishing boat, San Salvador. He apparently changed his mind and shot himself instead. Memoranda discovered by detectives reveal that he had just sent \$200 to his wife and three children in Italy.

Before the body was identified, police were inclined to believe the case one of murder, as the revolver clutched in the dead hand appeared to have been placed there too carefully to bear out a suicide theory. Later evidence convinced them, however, that Colomero took his own life, and no inquest has been ordered. The body is in a San Pedro mortuary.

Bar Planning No Ambush on Press

That the Los Angeles Bar Association had not planned a critical ambush for the local newspaper editors invited to the monthly meeting and dinner at the Chamber of Commerce tonight to discuss "crime news," is the tenor of a statement given out by Leonard S. Sloan, senior vice-president of the bar association. Mr. Sloan said: "The meeting and subject to be discussed should not be taken to indicate a disposition by the bar association to blame the press for its handling of notorious cases. The selection of the subject by Judge Yankwich, namely, 'The Newspaper, the Courts and Crime,' was his own. However, the subject of crime news is taken most seriously by the legal profession and it is believed that an open-minded co-operative talk by the press and the bar can result only in a constructive attitude on this subject."

PROTESTS INVITED ON WORK AT BEACH

Maps showing location of proposed work at Santa Monica and Newport Bay are on exhibition in the offices of the United States Engineer, 725 Central Building, for the examination of persons interested. Objections must be filed on or before the 20th inst. It is announced. Applications have been made by the Santa Monica Amusement Company for permission to extend its pier at Colorado street, and the Pacific Telephone and Telegraph Company has asked permission to lay a steel-armored submarine cable in Newport Bay.

CITY'S FIRST MUSIC STORE IN TRANSFER

Veteran Employees Buy Wiley B. Allen Company from Bay City Owners

The Wiley B. Allen Company of Los Angeles, formerly a subsidiary of the Wiley B. Allen Company of San Francisco, was purchased yesterday by F. Palmer Tucker, John S. Monning, Henry V. Harris and associates. Announcement of the purchase was made last night by Tucker, who will serve as president, while Monning becomes vice-president.

The Wiley B. Allen Company was established in Los Angeles in 1913 and is thus the oldest musical house operating in the city. Tucker will complete his twenty-first year with the organization on April 1. Other persons associated with him in the purchase have been with the concern for from fifteen to twenty-two years.

Some of the musical instruments acquired by Wiley B. Allen have been handled for more than forty years, Tucker said last night. These will be retained, according to his announcement, and the general personnel of the firm will remain intact.

Kimmerle Gives His Version of MacKay Affair

The Times is in receipt of a communication from H. J. Kimmerle, recently convicted by a jury in Judge Stephens' court of felonious assault on Arthur Loeb in connection with an argument over the troubles of the Julian Petroleum Company, in which Mr. Kimmerle denies the accuracy of statements attributed to former Dep. Dist. Atty. Ryan to the effect that Donald MacKay, also a deputy District Attorney, attempted to get him (Kimmerle) to reduce the charges against Mr. Kimmerle.

Mr. Kimmerle states that, in company with his father and his attorney, Lou Guernsey and Howell Richardson, he called on Mr. MacKay before the trial, set forth their side of the story of the encounter and that they believed the felony charge too severe in the light of the facts. Mr. Kimmerle further states that Mr. MacKay refused to reduce the charge and insisted on going to trial on the felony complaint.

VARIED COLORS IN MEN'S GOODS

Ensemble Effects Ruling for Easter Styles

Ties and Socks in Favor as Acceptable Gifts

Belts and Handkerchiefs also Prove Popular

With ensemble effects in men's accessories as a leading vogue, many new combinations in ties and socks are being featured in the Easter gift season now under way here.

Many of the gifts that will be made to men this spring will be French and Italian imports, and it is said by those who know, there is a wider range of choice in selecting gifts than ever before because of the color combinations that are permissible. For instance, where, in some previous seasons ties and socks matched and "that was that," this spring the correct thing is to obtain an ensemble effect—a much more delicate and discriminating task.

EXAMPLE GIVEN For instance, if you get him a blue tie and you wish to add socks, say the authorities, you should choose socks of a different color, but touched in some way with blue. Black socks with blue and black clocks would be good, they say.

French ties in pastel shades are quite the thing. They are in small checks or in cross stripes broken to represent small checks. Blues, greens, tans and reds are the leading colors, and the trend in both solid and combination colors is toward pastel shades.

Many of the stores are featuring the butterfly tie and handkerchief combinations and there again the ensemble is carried out by different but harmonizing shades. The two articles may match or the handkerchief may be a shade or two lighter than the tie, and it may have a matching border or a patch corner which is said to be popular. A very smart tie and handkerchief set carries out the color combination by means of the hand-blocked color scheme.

Italian grenadine ties are sponsored for gifts, and a gift set of tie and matching pocket scarf is said to be good. These imported ties come in all colors and, since one of the spring fads is a tinted pearl pin, the gift sets are found in many color tones, such as a green tie and green-tinted pearl pin, or the same thing in red, blue, tan. The pins alone make acceptable presents, buyers say.

In socks there are very fine French lilies, as fine, in fact, as the best lisle hosiery for women. Clocks are good either in matching or contrasting colors, and they are equally good on silk socks. Two-tone ribs are smart this spring. In colors there are tans, navy blues, grays all the dark shades of blue. It is whispered in the men's specialty shops and men's sections of the department-store that the tan socks include all the delightful shades implied by that color in women's hosiery, but these tones may not be named in men's wear.

A Costume Is No Smarter Than Its Smallest Accessory

The Etiquette of Spring Flowers

There is a new and decided fashion in the manner of flowers. Flowers of morning are not the flowers of evening. For instance, gladioli—Cameo Hair—leather and felt appear on sports apparel, 50c to 2.50. For afternoon wear are violets, primroses, conventional bouquets and hundreds of artistic conceptions, 1.00 to 3.75. Flowers of reptilian leathers to match one's walking shoes are 1.00 to 3.00.

For evening the loveliest trailing showers of chiffon, crepe and velvet or metallics are right—2.00 to 5.50. Dresden china flowers in gay profusion are here at 1.00 to 2.50.

The Refreshing Touch of Lace

The mode goes in for laces this spring and many a frock and smart ensemble has its quota. Never before have the Dyas neckwear shops been so replete with every lacy whim. The waistcoat of lace in all the newest necklines, buttons, tucks, lace frills—just something new and different about each, 2.95 to 35.00. Collar and cuff sets, silk, satin, lace, chiffon, every kind to meet every need, 2.95 to 5.50. Tailored linen vests are 5.00, the real lace bib collar and cuffs sketched are 35.00. Comprehensive?

The Fashion-dash of Color

"Scarfs" is the decree of Dame Fashion and each Dyas Scarf is therefore chosen individually. Triangles, squares, oblongs to fit the need of the costume or the purse limitations are here in the most colorful display. For street or sports wear are the triangles, as shown, at 2.95. Oblongs are 8.50. Evening scarfs of loveliest chiffons are long and wide and ever so pretty, 3.50 to 17.50. To mention just a few.

"Around Her Neck She Wore"

Demi-Argent pearls—a bluish silver, is this significant new shade in pearls. They complement the vogue-sponsored frocks of Spring hues. Lariats, 12.50, and earrings, sketched, 3.95 the pair. To meet the needs of other costumes the woman of fashion is choosing the new "Old fashioned jewelry." Dyas showings are varied and meet ready approval.

The Louiseboulanger Bag

Showing the Paris penchant for chic detail, the new large flat bag with flap fastening and lacing—a bit reminiscent of our school book days. Gazelle calf leathers in grey, French blue and beige with darker tones for accent. Fitted with coin purse and mirror—spacious and convenient, 10.95. Others new, smart and different have just arrived.

WINGS REALISM
Insisted Upon
It is a psychological fact that knowledge of genuine realism being injected into the making of a motion picture inspires both technical staff and cast to greater efforts than where everything is put on the line. This was interestingly illustrated in the filming of the Paramount production "Wings" on location near San Antonio, Tex. where in so far as humanly possible or practical, the real thing was substituted for the easier way of creating an illusion.

WINGS early gave promise of being a truly great picture, because the action of the story is real. The battle scenes are real. The planes are real. The crack-ups are real. Director William Wellman consistently refused to make a trick picture.

Wellman was assisted in this by the United States Army, which cooperated to the fullest extent.

"Wings" is now in the ninth week of its local run at the Biltmore Theatre.

PLAYERS FLOCK
to Premiere
Henry B. Walthall will be greeted by a host of cinema notables on his return to the speaking stage under the auspices of K. M. Scoville, producer, at the Orange Grove Theatre Monday night, in "Speakeasy."

Colleen Moore is to head a stellar list that plans to pay homage to one of the best loved players of stage and screen, whose return is causing quite a stir among the theatrical folk.

First National producer, Robert Kane, Wild Gunning, C. Gardner Sullivan, Hunt Stromberg, B. P. Fineman, Bennie Feldman, Fred Niblo and many other important film factors have signified their intentions of attending "Hanks" premiere.

Irving Cummings, who is scheduled to direct "Speakeasy" for Fox films, is to have a party with Albert Rogell, Frank Orson, George Fitzmaurice, Tod Browning, en route from New York; Lewis Milestone, even Claude Rains and many other noted directors are expected to be in attendance.

Others have indicated they will be present.

MYSTERY PLAY WINS,
GI ASSMIRE BELIEVES
"Mystery plays are the best type of stage entertainment," declares Augustus Glassmire, director at the Morocco Theatre, where "The Wasp's Nest," a spooky mystery comedy is playing.

"I base my judgment solely on the popularity with which these plays are received," Glassmire is well qualified to speak on the merits of mystery plays, for during the many years that he has been connected with the stage, most of his successes were of this nature.

SOJIN ANOTHER BANDIT
Sojin, the Chinese actor whose mysterious first performance in him fame in Douglas Fairbanks' "The Thief of Bagdad," was signed by Louis B. Mayer last yesterday to play a Chinese bandit general in William Haines' starring picture, "He Learned About Women."

HORTON'S PREMIERE ARRIVES
"A Single Man" Will be Welcomed Tonight; Play is First of Series

What looks like a complete sell-out for the opening of the Vine Street Theatre presupposes that an enthusiastic audience will witness the launching of the Edward Everett Horton series of comedies to-night. Many notables of the stage and screen have made reservations to be present.

"A Single Man" is the title of the first play of the series. It is the one which brought fame and fortune to Cyril Maude, the star, several seasons ago in London, and was written by Henry Ruben Davies. All the play's comic situations are built around the actions of a bachelor, who, at a rather ripe age, allows his fancy to turn lightly to thoughts of love. Eddie Horton is the bachelor.

Supporting him are Maude Fulton, well-known actress (who, by the way, directs the production); Miss Marvin, Los Angeles girl, familiar to stage fans; Mitchell Harris, lately with Morocco stock company; Norma Drew, Harriette George, Ann Lockhart, Pan Bourke, Robert Walte, Mildred Young, Lotie Williams and Edward Everett Horton III (age 3 months).

What promises to be exceptional in the way of stage settings are those designed by Ben Kitchner, noted black-and-white artist, whose work has been exhibited at the Hotel Ambassador.

Following on the heels of "A Single Man," the management of the Vine Street Theatre plans a new comedy at intervals of one month unless popular demand holds the show over. A number of plays are now being read by Miss Fulton and Edward Everett Horton with this idea in view.

Rain? Real Drops Fall in Prologue
Two hundred gallons of water splash merrily on the stage of the United Artists Theatre daily to provide realistic rain in the musical prelude to Gloria Swanson's "Sadie Thompson."

Four times a day the tropical cloudburst of Pago-Pago is shown on the stage at the rate of about fifty gallons per storm, which, with four showers up the total.

The artificial rain creates something out of the ordinary in stage annals, a scrim of water, which, illuminated with many colored lights, is said to give a spectacular effect.

The difference between the stage rain and that shown in the film is that on the stage the quartet and soprano remain perfectly dry, while in "Sadie Thompson," Gloria, Raoul Walsh, Will Stanton, and others get a very thorough soaking.

Receipts Will Go to Victims of Catastrophe
There is no better or finer tribute to the memory of Abraham Lincoln than the decision of the local Ethel Club to turn over the net proceeds of tomorrow evening's performance of John Drinkwater's drama of the immortal emancipator to the flood fund.

The Ethel Club expects that there will be a capacity audience at the Windsor Square Theatre, especially as there is no advance in the admission prices. This is one of the most notable dramatic productions ever offered in the West being true in spirit and action of bygone days which are among our dearest traditions.

No play or presentation could be more suitable for such a worthy occasion.

Abraham Lincoln has come and gone, but his spirit will remain with us forever. Drinkwater brings out the secrets of Lincoln's power, the most brilliant of which was his ability to see the core of truth in the political issues before him, and to fearlessly point out errors in the thinking of others. Good humor was a source of strength to Lincoln; humanity a source of growth.

The play is interesting from beginning to end, it moves from the parlor of Lincoln's humble home throughout the stirring events of the Civil War to the tower of Ford's theatre. A cast with Eustace Wyatt in the title role, Augustus Collette as Seward, Percy Bollinger as Gen. Grant, Charles Fleming as Gen. Robert E. Lee and others are appearing in it.

Film is Dubbed "Natural" Hit
"Four Sons," John Ford's William Fox picture, is now in its sixth week at the Carthy Theatre, and judging by the way the cash customers continue to line up at the box office, Ford's story of love and the pleasure of counting large and eye-gratifying audiences at this house for some time to come, he says, "Four Sons" is today being called a "natural" by the profession, which in common, every-day language simply means it is a hit.

When John Ford started work on "Four Sons," he took the screen synopsis of the original story by I. A. R. Wylie, English author, and announced to the entire cast in the picture, as well as to his cameramen and technicians, that he held in his hand the making of one of the greatest motion pictures ever filmed, so the story runs.

"This story has tremendous drama throughout its length, the love theme is one of the most exquisite I have ever read, and the spectacular sequences will be amply taken care of by an appropriation of \$1,000,000 by William Fox to assure this story being filmed on the same colossal scale it was visualized by the writer," stated Ford, apparently all in one breath. "Now, let's all go to work and do the job right."

Fanchon, Marco Quest Ending
Today and tomorrow are the last days of the Fanchon and Marco talent quest in all Coast cities. Los Angeles' "most beautiful and talented girl" from selected hundreds of applicants who have sent in their photographs to the Quest Department at Loew's State Theatre. All girls between 18 and 25 still have two days.

Rehearsals of the new company, reborn of winners from every Coast city, will begin the 23rd inst., and the new company will be presented in a Fanchon and Marco Idea on Tuesday.

Today is the final day of Clara Bow in "Red Hair." The new show, starting tomorrow, features Eddie Peabody in his farewell week in Los Angeles, and "The Patsy" on the screen.

RECITAL OF RARE CLASSICS HEARD
European-Trained Musicians Attract to Beaux Arts With Program

BY ISABEL MORSE JONES
A recital of songs and piano numbers written during the classical period drew an interested audience to the Beaux Arts Auditorium last night, where Curtis V. Crellin, lyric tenor, and Nina B. Herschel, well-known Swiss pianist and accompanist, appeared. This musical pair have been in Los Angeles two seasons, but this is the first public affair at which both have performed and the unusual program of old German, old English, French and Italian works of superior merit and quaint charm was anticipated with pleasure.

Both musicians evidenced a keen sense of style and a fondness for the old forms and as a study of early works the recital was admirable.

Mr. Herschel's contribution as pianist and accompanist was invaluable. His harpichord effects were amazing in the exact simulation of the ancient instrument's tone quality and dynamic limitations. The abrupt contrasts in loud and soft phrases and the facility of his clever runs and trills were delightfully reminiscent of another day.

Mr. Crellin may be commended for the ease with which he enunciates several languages and for his rhythm. His natural voice, however, is not of sufficient beauty to warrant public singing. It is very small and unfortunately nasal in quality. Not having the requisite resonance, Mr. Crellin is unable to color his songs to any appreciable degree, and although his literary mind and his musical understanding lend him to rare and interesting song selections, his singing does not fulfill one's expectations.

Prominent Ones Comprise Cast
Less than a week now remains before the Los Angeles premiere of Edmond Rostand's interesting and much-discussed "La Prisonniere," which has been translated from the French by Arthur Hornblow, Jr., and which Ed Rowland and A. Leslie Pearce are presenting at the Mayan Theatre starting the 21st inst.

Announcement of the entire cast was given out today for the first time and it is found that in addition to Ann Davis and Kenneth Thomson, who assay the two leading roles, the remainder of the "Captive" company is composed of equally prominent players.

The Los Angeles producers announce that Olive Tull, Lawrence Grant, Marian Southernland, Charles Miller, Fred Wallace, Hegge May and Mme. Real Mural are included.

All of the above players are well known to local audiences. Miss Tull and Lawrence Grant having acquired a large following through both stage and screen characterizations. Grant's last appearance in Los Angeles was with Marjorie Rambeau in "The Goldfish," and Miss Tull has appeared in such local successes as "Whispering Willows," "The Captive," "The Last Warning," "The Bear Car," "Last that Off" and "Alias the Captain." She has played ingenue roles in numerous stage hits including "Know Your Orleans," "The Last Warning," "The Bear Car," "Last that Off" and "Alias the Captain." She has played ingenue roles in numerous stage hits including "Know Your Orleans," "The Last Warning," "The Bear Car," "Last that Off" and "Alias the Captain."

Stage Can't be Killed, He Says
Walker Whiteside, now appearing at the Mason Theatre in the Japanese drama "Sakura," brings back romance to the stage, the management declares.

In a recent interview Whiteside said "The atmosphere of the theater in New York is stifling. My wife and my daughter Rosamond, love the stage and like to go to the plays, but it is a task for me to go from our place at Hastings-on-the-Hudson, to New York, to mill around in the mob that clogs the streets, where the only conversation you hear is a string of oaths, then see a play that leaves you depressed and unhappy, and make the trip back home."

"Romance is needed, and needed quickly. Of course, the stage has been killed so often there shouldn't be anything left of it, but it will never die. You may remember when roller skating killed it, and then the bicycle and the Star and Harlow popular priced theaters and the twenty-thirty stock companies each destroyed it, and recently we have had automobiles, motion pictures and radio as undermining factors. It is the time the stage goes on and actors strive to interest the people in plays good, or bad."

Many Buy Seats for Big Benefit
Stage and screen persons have already sent in their reservations for the midnight performance on St. Patrick's Day, Saturday, to see "Excess Baggage," the comedy-drama with musical interpolations now playing at the Figueroa Playhouse. The management declares.

Arthur F. Smith, lessee of the theatre, will turn over the proceeds of the performance to the destitute flood sufferers. Popular entertainers will present many feature acts in conjunction with the presentation of "Excess Baggage" in order to help the worthy cause.

"WHIP WOMAN" WILL BE SHOWN AT PALACE
The eternal question of caste, whether a girl can marry in a social stratum above her, forms the basis of the dramatic action of "The Whip Woman," which comes to the Broadway Palace Theatre Saturday for its first Los Angeles showing. John C. Boyle directed the film for First National Pictures and Allan Dean produced the story.

"French Dressing," with Lois Wilson, Lillian Tashman, H. B. Warner and Olive Brook, with its engagement Friday night.
